

LABORATORY & MEDICAL
PRODUCT CATALOGUE

PRECISION FOR THE LAB. CARE FOR LIFE.

Laboratory consumables, protective wear and medical essentials for your day-to-day work.

TRIONEX
SCIENTIFIC & LABORATORY EQUIPMENT TRADING LLC

LABORATORY ESSENTIALS

From liquid handling to specimen collection, this guide brings together the laboratory products in the Trionex catalogue. Categories are grouped by use, with page references to help you find the items relevant to your work.

01 / LABORATORY ESSENTIALS

01	Test tubes & transfer pipettes	04
02	Pipette tips & tip boxes	05–06
03	Adjustable pipettes & stands	07–08
04	Centrifuge tubes & storage vials	09–10
05	Urine sediment tubes	11
06	Specimen containers	12–13
07	Laboratory & collection essentials	14
08	Laboratory & diagnostic supplies	15–18

CATALOGUE AT A GLANCE

Product index: pages 36-38

Company details: 39

MEDICAL ESSENTIALS

02 / MEDICAL ESSENTIALS

09 Face masks & face shields 19

10 Caps, covers & protective clothing 20–23

11 Gloves 24–25

12 Bedding, cast covers & cleaning wipes 26–27

13 Drapes, pads & diapers 28–30

14 Catheters, drainage & blood collection 31–32

15 Sterilisation & medical paper 33

16 General medical consumables 34–35

A CLEAR GUIDE TO YOUR EVERYDAY SUPPLIES

Products listed alphabetically: pages 36-38
Company and enquiry details: page 39

TEST TUBES & TRANSFER PIPETTES

Tubes, plugs and transfer pipettes for everyday sample handling.

001

Disposable Test Tubes - PS

Clear polystyrene tubes for everyday laboratory sample handling.

002

Flanged Test Tube Plugs

Flanged plastic plugs for closing laboratory test tubes.

003

Disposable Test Tubes - PP

Clear polypropylene tubes for laboratory sample handling.

004

Flanged Disposable Test Tubes

Plastic test tubes with flanged openings for laboratory sample handling.

005

Pasteur Transfer Pipettes - Assorted Sizes

Transfer small amounts of liquid with built-in squeeze bulbs.

006

Pasteur Transfer Pipettes - Large Bulb

Transfer pipettes with large squeeze bulbs for liquid handling.

PIPETTE TIPS & TIP BOXES

Pipette tips for routine liquid handling, with filter and extended-length designs.

007

Standard Pipette Tips

Yellow and clear tips for routine liquid handling.

008

Pipette Tips - Clear Yellow and Blue

Clear, yellow and blue pipette tips for liquid handling.

009

Filter Pipette Tips

Pipette tips with integrated filter inserts for liquid handling.

010

Extended Pipette Tips

Extended-length tips in clear, yellow and blue.

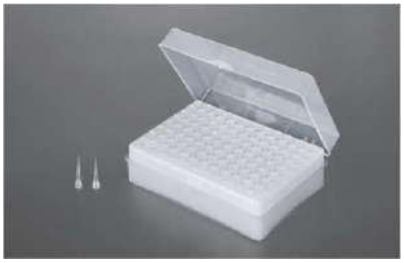

011

Specialty Pipette Tips

Pipette tips in a selection of lengths and fitting designs.

012

Small-Volume Pipette Tip Box

Hinged storage box for organising small-volume pipette tips.

PIPETTE TIPS & TIP BOXES

Tip boxes and reagent reservoirs to organise your pipetting workspace.

013

Yellow Pipette Tip Box

Hinged storage box for organising yellow pipette tips.

014

Blue Pipette Tip Box - Wide Tips

Blue pipette tips with wide openings in a storage box.

015

Blue Pipette Tip Box - Narrow Tips

Boxed blue pipette tips with a narrow design.

016

Large-Volume Pipette Tip Box

Deep hinged storage box for large-volume pipette tips.

017

Reagent Reservoir

Trough-style reagent reservoir for laboratory pipetting.

PIPETTING WORKSPACE

TIPS, BOXES & RESERVOIRS

An organised pipetting area brings tips, storage boxes and reagent reservoirs within easy reach.

ADJUSTABLE PIPETTES & PIPETTE STANDS

Adjustable pipettes for controlled liquid handling at the laboratory bench.

018

Adjustable Pipette - Purple and Turquoise

Adjustable pipette with a purple body and turquoise trim.

019

Adjustable Pipette - Purple

Purple adjustable pipette with a metal lower section.

020

Adjustable Pipette - Black

Black adjustable pipette with volume control.

021

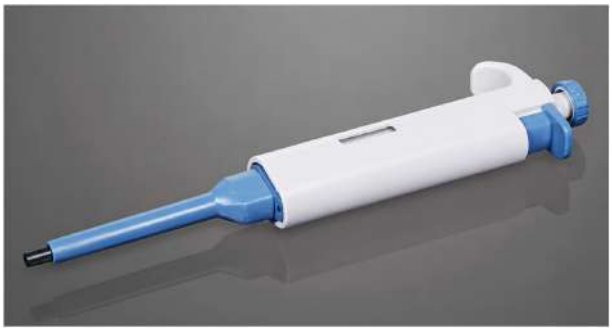

Adjustable Pipette - White and Blue

White adjustable pipette with a blue lower section.

ADJUSTABLE PIPETTES & PIPETTE STANDS

Pipettes and stands for an organised, practical laboratory workspace.

022

Adjustable Pipette - White with Blue Plunger

White adjustable pipette with a blue plunger and lower section.

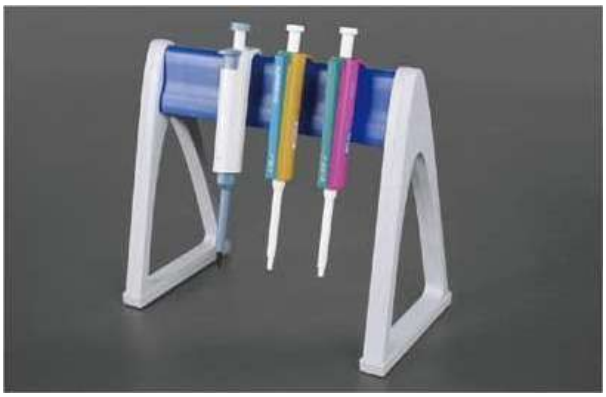

023

Carousel and Acrylic Pipette Stands

Carousel and clear acrylic stands for pipette organisation.

024

Angled Pipette Stand

Angled support stand for organising laboratory pipettes.

025

Upright Pipette Stand

Upright stand for keeping multiple pipettes together.

CENTRIFUGE TUBES & STORAGE VIALS

Centrifuge tubes with different sizes, shapes and cap designs.

026

Snap-Cap Centrifuge Tubes - Large

Large, clear centrifuge tubes with attached snap caps.

027

Screw-Cap Centrifuge Tubes - Short

Short centrifuge tubes with orange or blue screw caps.

028

Screw-Cap Centrifuge Tubes - Long

Long centrifuge tubes with blue or orange screw caps.

029

Snap-Cap Centrifuge Tubes - Assorted

Clear centrifuge tubes
with attached caps in assorted sizes.

030

Microcentrifuge Tubes - Assorted

Small, clear microcentrifuge tubes with hinged caps.

TUBE DESIGN

CAPS & TUBE SHAPES

Tube shape, size and cap design are useful details when matching containers to your sample workflow.

CENTRIFUGE TUBES & STORAGE VIALS

Microtubes, PCR strips and vials for preparation and sample storage.

031

PCR Tube Strips

PCR tube strips with matching cap strips.

032

Conical Microcentrifuge Tubes

Conical tubes with hinged caps in assorted sizes.

033

Micro Blood Collection Tubes

Small blood collection tubes
with coloured caps and additive labels.

034

Screw-Cap Microcentrifuge Tubes

Conical microcentrifuge tubes with screw caps.

035

Cryogenic Storage Vials

Screw-cap vials for laboratory sample storage.

SAMPLE PREPARATION

MICROTUBES & STORAGE VIALS

PCR strips, microcentrifuge tubes and screw-cap vials serve different steps in preparation and storage.

URINE SEDIMENT TUBES

Urine sediment tubes with open, flanged and capped designs.

036

Urine Sediment Tubes - Assorted

Urine sediment tubes with flanged openings or screw caps.

037

Urine Sediment Tubes - Narrow

Narrow urine sediment tubes with open or capped tops.

DETAILS THAT DEFINE YOUR SAMPLE TUBE

Tube shape, opening and closure type are key details in this collection.
The products above include flanged, open-top and screw-cap designs.

PRODUCT DETAILS

Opening / closure / tube profile

SPECIMEN CONTAINERS

Specimen cups for collection, with press-fit and screw-cap designs.

038

Small Specimen Cups

Small specimen cups with open and lidded designs.

039

Disposable Urine Cups - Open

Open-top disposable cups
for urine specimen collection.

040

Sputum and Medicine Cups

Lidded sputum cups and coloured medicine cups.

041

Press-Cap Specimen Cups

Specimen cups with press-fit lids.

042

Screw-Cap Urine Cups - 40 ml

40 ml urine specimen cups
with red or blue screw caps.

043

Screw-Cap Urine Cups - 60 ml

60 ml urine specimen cups with coloured screw caps.

SPECIMEN CONTAINERS

Containers and collection tools for stool, urine and sputum specimens.

044

Screw-Cap Urine Cups - Large

Large specimen cups with red or blue screw caps.

045

Stool Cups - Spoon and Hinged Styles

Stool containers with sampling spoons and hinged-lid designs.

046

Stool Sampling Tubes

Stool sampling containers with attached collection tools.

047

Stool Collection Containers - Assorted

Stool collection tubes and containers in different designs.

048

Small Specimen Containers

Compact containers for stool, urine and sputum specimens.

049

Spoon-Cap Stool Cups

Stool collection cups with integrated sampling spoons.

LABORATORY & COLLECTION ESSENTIALS

Measuring, collection, nebuliser and histology essentials for daily laboratory work.

050

Plastic Measuring Beakers

Measure and pour liquids with spouted plastic beakers.

051

Plastic Graduated Cylinders

Graduated cylinders with wide polygonal bases.

052

Stool Basin

Specimen collection basin in a white finish.

053

Male Urinal

Male urinal with an angled neck and carry handle.

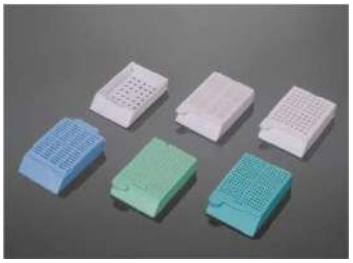

054

Disposable Nebulizer Mask Set

Nebuliser set with a mask,
tubing and medication chamber.

055

Histology Embedding Cassettes

Histology cassettes with perforated
lids for specimen preparation.

LABORATORY & DIAGNOSTIC SUPPLIES

Specimen containers, slides and tips for laboratory and diagnostic workflows.

125

Stool Containers

Clear stool collection containers with red lids.

126

Urine Containers

Urine specimen containers with red and blue lids.

127

Microscope Slides

Glass slides for laboratory microscopy.

128

Microscope Slides - Stacked Glass

Glass microscope slides for laboratory use.

129

Microscope Cover Glass

Microscope cover glass in individual packs.

130

Pipette Tips - Radial Assortment

Pipette tips for routine laboratory liquid handling.

LABORATORY & DIAGNOSTIC SUPPLIES

Pipette tips, sampling swabs, irrigation syringes and urine test strips.

131

Pipette Tips - Narrow Profiles

Narrow pipette tips for laboratory liquid handling.

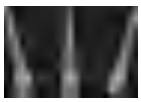

132

Pipette Tips - Fine Assortment

Fine pipette tips for small-volume liquid handling.

133

Pipette Tips - Wide Profiles

Pipette tips with wide openings.

134

Bulb Irrigation Syringe

Irrigation syringe with a squeeze bulb and clear barrel.

136

Urine Dip Strips

Urine test strips with a colour reference chart.

137

Flocking Swab

Individually packed flocked sampling swab.

LABORATORY & DIAGNOSTIC SUPPLIES

Labware for sample transport, preparation and liquid handling.

139

Petri Dishes

Clear Petri dishes with lids.

140

Transport Swabs

Transport swabs in capped tubes.

141

Washing Bottle

Washing bottle with an angled dispensing spout.

142

Adjustable Volume Micro Pipette

Adjustable-volume micropipette with a plunger and tip holder.

143

Pasteur Pipettes

Transfer pipettes for laboratory liquid handling.

144

Centrifuge Tubes

Clear conical centrifuge tubes.

LABORATORY & DIAGNOSTIC SUPPLIES

Tubes, measuring cups, lamps, bottles and jars for the laboratory bench.

145

Plastic Test Tubes

Clear plastic test tubes for laboratory sample handling.

146

Measuring Cup

Measuring cup with a handle and pouring spout.

154

Alcohol Lamp

Glass alcohol lamp with a fitted cap.

157

Dropper Glass Bottles

Amber glass dropper and screw-cap bottles.

158

Plastic Jars

Wide-mouth plastic jars with screw lids.

LABORATORY ROUTINES

LABWARE & STORAGE VESSELS

Test tubes, measuring cups, lamps, dropper bottles and jars bring together practical essentials for everyday benchwork.

FACE MASKS & FACE SHIELDS

Face masks and shields in pleated, contoured and integrated designs.

056

Non-Woven Face Masks

Pleated non-woven face masks in dispenser boxes.

057

Paper Face Masks

White paper face masks for everyday consumable requirements.

058

N95 Face Mask

Contoured face mask with a moulded profile.

059

Conical Face Mask

Cup-shaped face mask with an elastic head strap.

060

Face Mask with Shield

Face mask with an integrated clear eye shield.

090

Anti-Fog Face Shield

Clear face shield with a blue forehead band.

CAPS, COVERS & PROTECTIVE CLOTHING

Caps and hair covers for professional care and laboratory settings.

061

Doctor Cap

Disposable doctor cap with ties in a blue finish.

062

Clip Cap

Pleated disposable caps
for professional protective wear.

063

Bouffant Caps

Disposable bouffant caps in assorted colours.

064

Space Cap

Disposable cap with an extended neck cover.

065

Shower Cap

Gathered disposable shower cap in white.

066

Net Cap

White hair net for hair coverage
in professional settings.

CAPS, COVERS & PROTECTIVE CLOTHING

Shoe covers, coveralls and gowns for protective wear requirements.

067

Anti-Skid Shoe Covers

Blue disposable shoe covers
for protective wear requirements.

068

PP Shoe Cover

Disposable polypropylene shoe covers in blue.

069

PP Non-Woven Shoe Cover

Blue non-woven shoe covers
for protective wear requirements.

070

CPE Shoe Cover

Disposable CPE shoe covers in blue.

071

Protective Coverall

Hooded coverall with full-body coverage.

072

Surgical Gown - Green

Green surgical gown for professional
garment requirements.

CAPS, COVERS & PROTECTIVE CLOTHING

Gowns and scrub wear for patient care and professional workwear.

073

Surgical Gown - Blue

Blue surgical gown for professional garment requirements.

074

Scrub Suit

Scrub suit for professional workwear requirements.

075

Patient Gown

Short-sleeve patient gown in turquoise.

076

Isolation Gown - Pink

Pink isolation gown for professional protective wear.

077

Isolation Gown - Yellow

Yellow isolation gown for professional protective wear.

PROFESSIONAL WORKWEAR

GOWNS & SCRUB WEAR

This page brings together surgical gowns, scrub wear, patient gowns and isolation garments.

CAPS, COVERS & PROTECTIVE CLOTHING

Gowns, aprons, sleeve covers and shielded headwear for professional care.

078

CPE Clean Gown

CPE clean gown in blue.

079

AAMI Surgical Gown

Long-sleeve surgical gown in blue.

083

PE Apron

Polyethylene apron with neck and waist openings.

084

Sleeve Covers

Disposable sleeve covers in blue, white and pink.

091

Protective Head Hood

Head hood with an integrated transparent face shield.

PROTECTIVE WEAR

GOWNS & CARE ACCESSORIES

CPE and surgical gowns sit alongside aprons, sleeve covers and shielded headwear on this page.

GLOVES

Surgical and examination gloves, including latex and nitrile options.

107

Latex Surgical Gloves

Latex surgical gloves with individual wrappers.

108

Latex Examination Gloves - Package

Latex examination gloves
supplied in protective packaging.

109

Latex Examination Gloves - Box

Latex examination gloves in a dispensing box.

110

Nitrile Gloves

Disposable nitrile gloves in a dispensing box.

GLOVES

Glove options in vinyl, polyethylene and extended-cuff designs.

111

Vinyl Gloves

Disposable vinyl gloves in a dispensing box.

112

PE Gloves

Polyethylene gloves with a loose-fitting design.

113

Sterile Gynecological Gloves

Extended-cuff gynaecological gloves in yellow.

GLOVE MATERIALS

MATERIALS & CUFF STYLES

Latex, nitrile, vinyl and polyethylene options appear across this section, alongside extended-cuff gloves.

MATERIALS IN THIS SECTION

Vinyl / PE / extended cuff

BEDDING, CAST COVERS & CLEANING WIPES

Bedding covers, sheets and cleaning wipes for everyday care settings.

080

Bed Cover

Fitted cover for bedding in care settings.

081

Pillow Cover

White pillow cover for care-setting bedding.

082

Bed Sheet

Disposable bed sheets in blue.

085

Cleaning Wipe

Cleaning wipes in a roll for everyday use.

BEDDING, CAST COVERS & CLEANING WIPES

Cast covers, bedding sets and mattress protectors for care settings.

086

Waterproof Cast Cover - Arm

Arm cast cover with an extended sleeve design.

087

Waterproof Cast Cover - Leg

Leg cast cover with an extended sleeve design.

088

Disposable Bed Kit

Bedding set with a bed cover, bed sheet and pillowcase.

089

Mattress Protector

Zipped mattress protector in white.

DRAPES, PADS & DIAPERS

Fenestrated drapes and procedure packs for clinical supply requirements.

092

Fenestrated Drape - White Border

Blue drape with a round opening and white border.

093

Fenestrated Drape - Blue

Blue drape with a round opening.

094

Laparotomy Pack

Laparotomy pack with a drape and wrapped components.

095

General Surgical Pack

Surgical pack with drapes and wrapped components.

096

Delivery Pack

Delivery pack with blue drapes and wrapped items.

PROCEDURE SUPPLIES

DRAPES & PROCEDURE PACKS

Fenestrated drapes feature an opening in the sheet. Procedure packs bring together the components listed for each set.

DRAPES, PADS & DIAPERS

Underpads and diapers for everyday personal care supplies.

097

Disposable Underpad

Disposable underpad with a blue backing.

098

Disposable Underpad - Packaged

Disposable underpads supplied in protective packaging.

099

Baby Diapers

Baby diapers for everyday personal care requirements.

100

Adult Diapers

Adult diapers for everyday personal care requirements.

DRAPES, PADS & DIAPERS

Abdominal dressing pads in wrapped and unwrapped designs.

101

ABD Pad - Blue Pads

Blue abdominal dressing pads.

102

ABD Pad - White Pads

White rectangular abdominal dressing pads.

103

ABD Pad - Blue-Edged Pad

Abdominal dressing pad with a blue edge.

104

ABD Pad - Wrapped Pads

Individually wrapped abdominal dressing pads.

CATHETERS, DRAINAGE & BLOOD COLLECTION

Catheter and anaesthesia kits, blood bags, dialysers and blood line components.

114

Blood Bags

Blood collection bags with tubing.

115

Central Venous Catheter Kit

Central venous catheter kit
with tubing and accessories.

116

Hemodialysis Catheter Kit

Haemodialysis catheter kit
with a catheter and accessories.

117

Epidural Anesthesia Kit

Epidural anaesthesia kit in a moulded tray.

118

Hemodialyzer

Haemodialyser with connector ends.

119

Blood Line

Blood line tubing set with connectors and clamps.

CATHETERS, DRAINAGE & BLOOD COLLECTION

Suction and drainage products with reservoirs, canisters and tubing.

120

Suction Bag

Suction bag with a lid and tubing.

121

Suction Canisters

Clear suction canisters with different lid designs.

122

Closed Wound Drainage System

Wound drainage reservoirs
with tubing and connectors.

123

Closed Wound Drainage System - Packaged

Packaged wound drainage set with coiled tubing.

124

Drainage Bottle

Drainage bottle with tubing and a support frame.

138

Penrose Drainage Tube

Flat Penrose drainage tubing in yellow.

STERILISATION & MEDICAL PAPER

Medical paper, sterilisation pouches, reels and indicator tape.

105

Examination Paper Roll

Paper rolls for examination area supply requirements.

106

Medical Crepe Paper

Medical crepe paper sheets in purple and blue.

147

Autoclave Bag

Autoclave waste bag with a biohazard warning symbol.

161

Autoclave Sterilization Indicator Tape

Sterilisation indicator tape in assorted widths.

162

Sterilization Pouches and Reels

Sterilisation pouches and tubing reels for packaging workflows.

PACKAGING ESSENTIALS

PAPERS, POUCHES & INDICATOR TAPE

Medical papers, autoclave bags, pouches, reels and indicator tape feature in packaging and sterilisation workflows.

GENERAL MEDICAL CONSUMABLES & ACCESSORIES

Ear wash bulbs, vomit bags, heparin caps and hand scrub brushes for care routines.

135

Ear Wash Bulbs

Ear wash bulbs in assorted sizes.

148

Vomit Bags

Disposable vomit bags with rigid openings.

149

Heparin Cap

Individually blister-packed heparin cap.

150

Hand Scrub Brush - Brown

Individually packaged hand scrub brush in brown.

151

Hand Scrub Brush - Pink

Individually packaged hand scrub brush in pink.

152

Hand Scrub Brush - White

Individually packaged hand scrub brush in white.

GENERAL MEDICAL CONSUMABLES & ACCESSORIES

Containers and pill management accessories for everyday care supplies.

153

Lubricating Jelly

Lubricating jelly in a tube with an outer carton.

155

Medicine Bags

Resealable medicine bags with printed labelling areas.

156

Pop-Up Vials

Medicine vials with hinged pop-up caps.

159

Pills Box

Compartmented pill box for tablet organisation.

160

Pill Cutters

Pill cutters in white, green and pink.

CARE ACCESSORIES

STORAGE & PILL MANAGEMENT

Medicine bags and pop-up vials provide separate storage options, alongside pill boxes and pill cutters.
